

CommandIQ App Feature Breakdown:

The NDTC CommandIQ app gives you an instant snapshot of your home or small business network.

Enjoy these features:

View all the connected devices on your network.

Set up basic parental controls or guest network.

Run speed tests.

Change your SSID and password.

Set up your Wi-Fi in just a few steps, with clear instructions right in the app.

Learn How to Use the App

Check out our YouTube channel, @ndtctube, for videos on how to utilize the great features of the NDTC CommandIQ app.

Built For You:

Family-Friendly Control:

Manage your Wi-Fi without needing a tech degree—it's as simple as checking your email.

Made for Everyone:

From kids to gamers to work-from-home parents, there's something for every family member.

Stress-Free Setup and Management:

Get started in minutes, customize your network with simple controls, and enjoy Wi-Fi that works the way you need it to.

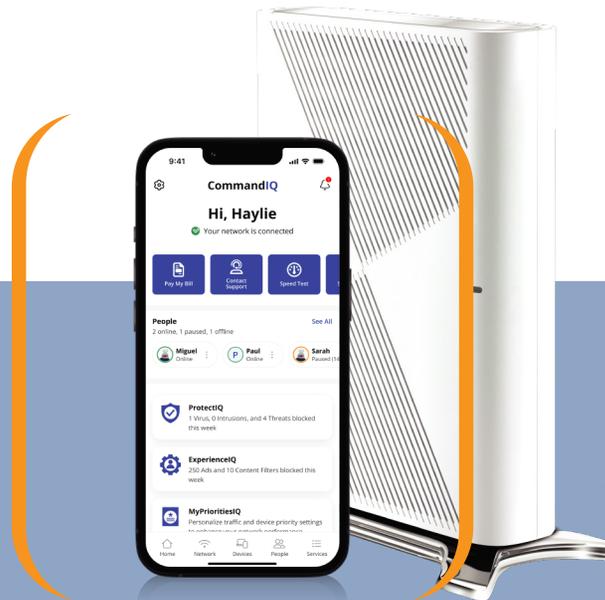

CommandIQ®

The CommandIQ® Wi-Fi App:

Your Home's Wi-Fi, Your Rules

Manage your home Wi-Fi with ease, keep everyone safe, secure, and connected, and enjoy a customizable managed Wi-Fi experience—whether you're gaming, working, parenting, or just relaxing.

STREAM. SURF. CONNECT.

Get started with the app

The app allows you to easily manage your home or small business Wi-Fi network within minutes. Download the app and take control of your Wi-Fi network today!

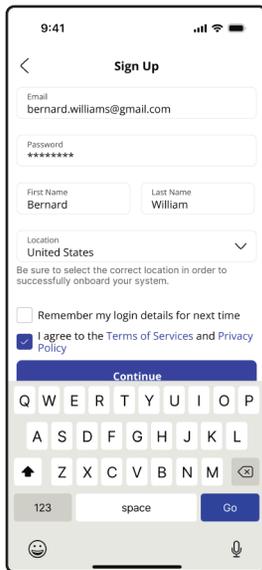

Step 1

Download the NDTC CommandIQ® app. You can search either the Apple App Store or the Google Play Store for NDTC CommandIQ®, then install it on your mobile device.

Step 2

Select 'Sign up' or 'Log in' to set up your system and access Wi-Fi controls and protection.

Step 3

Select 'Set Up a New System' or 'Replace an Existing System'.

Step 4

Scan the QR code on your system, or enter the system details manually.

Step 5

Follow the next steps for new system setup.

Step 6

Now that your new system is set up, you can set up your Wi-Fi network.
